Scottish Women's Convention Monthly Newsletter

# **Dear Friends**,

This month the SWC attended the Festival of Politics in Edinburgh, We attended the Prostitution - The buyers and sellers event hosted by a Model for Scotland and the cross party group on commercial sexual exploitation. I urge you to look at their website and see the work that is being down with regards to this issue (*click here*).

I was also honoured to be a speaker at the WASPI Women event discussing issues of women in poverty & ways to ensure that women in the future do not retire with low pension savings. WASPI women are still fighting for justice on state pension and if you would like to support the campaign, please sign their open letter to UK Government by clicking here.
